

## **JIM SWANN'S GRASS SHRIMP**

### Materials

Hook - #8 Aberdeen

Head - Red plastic bead

Body - Chartreuse chenille

Legs - Chartreuse Sililegs

Collar - Chartreuse neck hackle

Thread - Chartreuse flat waxed nylon

### Tying Instructions

Put bead on hook and tie in thread to keep bead in place.

Tie in Sililegs near hook eye and stretch them as you tie them on top of the hook. Cut the legs about 1/2 inch past the bend of the hook.

Tie body with chenille, starting at the bend of the hook and going back to the front and tie off.

Palmer the hackle around the front of the fly and tie off.
